Anticipated Waste and Notes	
Flammable Liquids	25 gallons

<p style="text-align: center;">Automotive Fluids</p> <p>Used oil that has been contaminated with gasoline, diesel, carburator cleaner or any other solvent will be treated as a flammable liquid, not as used oil.</p> <p>Used oil mixed with paint, pesticides, antifreeze, cooking oil, or any other substance will be charged as misc. material and charged a non-compliance fee</p> <p>Commercially-generated used oil is not eligible for the State of California's recycling incentive payment.</p>	<p style="text-align: center;">Containers</p> <p>We are no longer returning flammable liquid containers. Please bring flammable liquid in a disposable container.</p> <p style="text-align: center;">We do not accept propane tanks larger than 8 gallons</p> <p>We will dispose of up to 3 drums or tanks (steel or poly). Other limits still apply to the contents of the drums.</p>
<p style="text-align: center;">Prohibited Materials</p> <p>To dispose of explosives such as fireworks, marine flares, or ammunition please contact your local law enforcement or fire department.</p> <p>Asbestos or asbestos-containing material must be handled by a licensed company. More info can be found here: www.dir.ca.gov/databases/doshacru/acrusearch.html</p> <p>Compressed gas cylinders can be taken to a gas supply company.</p>	<p style="text-align: center;">Universal/other Waste</p> <p>Electronic waste must be taken to the transfer station or to another e-waste recycler</p> <p style="text-align: center;">Used tires must be taken to the transfer station or to another tire recycler</p> <p>Electronic ballasts without PCB's must be taken to the transfer station</p>
<p>Pharmaceuticals and Sharps</p>	
<p>We cannot take medication or sharps from doctors' offices, pharmacies, or hospitals. We can take medication or sharps from commercial entites who collect these materials from employees or residents (at care facilities).</p> <p>All dry medication must be delivered in resealable plastic bags without bottles. All liquid or gel medication must be in their original container with patient information removed and placed into a resealable plastic bag separate from the dry medication.</p> <p>All sharps must be delivered in approved sharps containers no larger than 1 gallon in size, clearly labeled, sealed, and not overflowing.</p>	
<p>Propane</p>	
<p style="text-align: center;">Effective 10/3/19 we are no longer accepting any propane tanks larger than 20 pounds.</p>	
<p>Treated Wood Waste</p>	
<p>Beginning January 1, the State will require that treated wood waste be categorized as hazardous material (HazMat) and the material can no longer be accepted by waste haulers or at transfer stations within Mendocino County. MendoRecycle will be able to accept very limited quantities of treated wood waste from residential customers and businesses for a fee. All wood waste must be no longer than 3' with nails and screws removed. Currently, MendoRecycle doesn't have the infrastructure to collect wood waste at our mobile collections, therefore treated wood waste disposal is currently accepted by MendoRecycle only at our main facility located at 3200 Taylor Drive in Ukiah every Wednesday and the 2nd Saturday of the month between 8 am and 2 pm.</p>	
<p>EPA ID IS REQUIRED: *Federal regulations require large and small quantity generators of hazardous waste to obtain an EPA Identification (EPA ID) number using EPA Form 8700-12 and to submit the completed form to the authorized state agency or EPA regional office if the state is not authorized to implement the Resource Conservation and Recovery Act Subtitle C program. If you do not currently have an EPA ID, you can apply for one online for free at: https://dtsc.ca.gov/apply-for-hazardous-waste-epa-id-number/</p>
